Gendarmeria de Chile Signs New Electronic Monitoring Contract With Track Group

NAPERVILLE, Illinois – Track Group, Inc. (OTCQX: TRCK), a global leader in providing criminal justice agencies with offender tracking and monitoring services, today announced that Gendarmeria de Chile, the Republic of Chile's uniformed prison service, signed a new agreement with the Company to provide electronic monitoring products and services commencing on October 18, 2017 for a period of 365 days totaling up to approximately \$10.6 million.

The previous multi-year agreement signed between Gendarmeria de Chile and the Company's Chilean subsidiary in 2013, ended in October of 2017 although services have continued uninterrupted.

Services provided by Track Group as part of the contract include the provision of monitoring software, supply, installation, replacement and withdrawal of surveillance devices, training for Gendarmeria de Chile’s personnel, and maintenance of the Surveillance Center and the Regional Surveillance Support Center.

“I’m very proud to say that together with Gendarmeria de Chile and Ministerio de Justicia, we built what has become known as one of the most successful offender monitoring programs in the world,” said Francisco Javier Toro Lyng, General Manager of Track Group’s Chilean Office. “We are thrilled this relationship will now have an opportunity to continue.”
